# the GREYHOUND

1959

presented by the  
senior class of  
Handley High School  
of Fort Worth, Texas

## **WE SALUTE**

These four teachers represent 86 years of teaching at Handley High School. A very conservative estimate of the number of students that have passed through their classes is 8,000. The annual staff and students of Handley High School salute the service rendered by these four friends of ours, Mr. Holden, Miss Bedell, Mr. Parker and Miss Odell.

## **FOREWORD**

This is the last Greyhound. The annual staff takes pride in presenting it to you, the students of Handley High School. We hope that through the years to come it will help you to relive the last year of Handley High School.

## **WE DEDICATE BILL J. ELLIOTT**

BECAUSE...of your ability to inspire and encourage us as individuals,  
BECAUSE...of your never-failing good sportsmanship on and off the field,  
BECAUSE...you are an exceptional leader and even more an understanding friend,  
BECAUSE...you are all these things and more, we the 1959 Seniors dedicate this  
edition of "The Greyhound" to you Coach Bill Elliott.

1909 - Our first Handley High School - now closed forever. It was the building for all eleven grades until 1922, when our present building was completed.

## HISTORY OF HANDLEY HIGH SCHOOL

The main part of our present building was completed in 1922 with the auditorium and gymnasium being added in 1951.

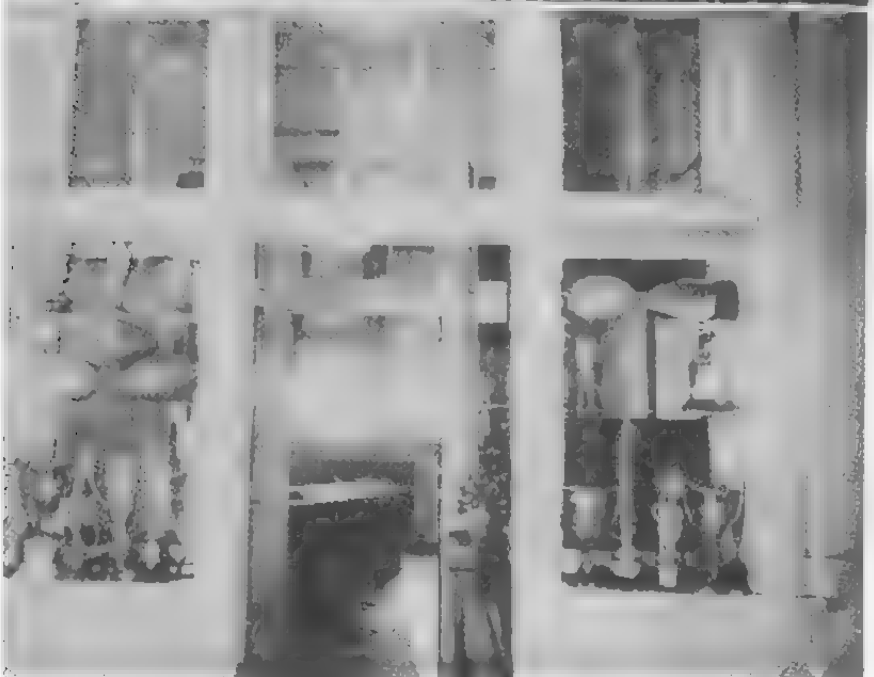

Handley High School in 1937. Its front did not face Haynie Street. The fire escape ■ from the balcony of the auditorium.

Auditorium in 1942. The balcony is where Room 202 is presently located; the stage is where the office is now.

The School Office in 1938. This area is now the Junior Guidance office and Home Economics Dining Room.

This was Handley's cafeteria in 1937, located on the site of our present wood shop. It would hardly accomodate us now.

Our Gym in 1927, where our cafeteria is today. There was a small balcony which was entered from the second floor. The dressing rooms were located where the cafeteria kitchen is today.

The Handley five of 1925, on the HHS auditorium stage. The members were: Jimmie Blue - Violin, Coy Poe - Trumpet, Joy Ellis - Drums, Caston Gregory - Sax, Delbert Pyeatt - Sax, Opal Ragland - Piano. Bryan Gregory is the son of Caston Gregory.

In 1951 construction began on a much needed auditorium and gym. It was completed by Easter of 1952. On the first day of school, September, 1951, it was necessary for the school to meet for enrollment in the Handley Baptist Church since the old auditorium was being converted into classrooms, and the new auditorium was not yet completed.

Next fall, Handley will become a Junior High, and the High School will move to its third location in fifty years. Though we'll call it Eastern Hills, Handley will still be the alma mater of countless numbers of Handleyites.

Mr. DON VANDIVER  
World Wide Coffee Houses  
2817 Fifth Avenue  
New York, New York

Dear Don,

I am writing to ask whether you could possibly establish a small coffee house here. Since I've finally bought Carter Field, I want to change a few things. My head mechanic, BUDDY ROBINSON, is helping with the mechanical end of the deal, but I am going to need assistance from other sources.

I had special entertainment for our opening. I thought you might like to know that several of our old classmates took part, and there were many more just visiting. JERRY BACON was here with his All Girl Dance Line, and LANNY PRIDY arrived to do a few of the modern dances for which he is famous. Remember CAROLYN PARRISH who always wanted to be a great singer? Well, now she's with the chorus line at the Desert Inn, but she came here to do part of her new show. Of course, we couldn't get along without BILL CAWTHON and some of his students from the famous Cawthon Dance Studios. Also, we had CAROLYN SUE HOUSE, the great concert pianist, play a few numbers for us. LINDA ROBISON designed all our costumes. She's really become famous these last two years with her new covered up look in fashions. Our caterer was from Creppon Bakery. PAT CREPPON did a marvelous job with all the refreshments.

As you know, I invited all our old classmates from Handley to attend the opening, and I was surprised to learn what some of them had become. Seven of the girls are school teachers, and not one of them is married! KAYE BUCKELLEW is teaching history; MARGARET BARGSLEY teaches English in a large Junior High School; DORIS RICHARDSON is a home economics teacher in Hollywood; SUE SCHMIDT is teaching the elementary grades of a rural school; CAROL ANN HUSKEY and BUNKIE HILL are teaching P.E.; and LINDA HORD is the head librarian of an exclusive girls' school.

DAVID GRAMMER of Grammer Crackers was here with his wife, CAROLYN, who was just nominated Housewife of the Year. Quite a few of the girls are married now and have received honors in their chosen field. JUDY GOBER was elected Cook of the Year by Betty Crocker, with JACKIE MATHIS a close runner up. DIANNE HUDGINS was chosen Mother of the Year, and GINGER WOOD is Treasurer of the National Association of Why the Wife Should Get Change From Her Husband's Pocket. MYRNA CURTIS owns and operates Ward's Day Nursery. Our girls seem to be doing very well for themselves.

JAMEY DUNCAN arrived from Texas A & M where he is the Professor of Animal Husbandry. Jamey was accompanied by his wife, the former LINDA WHEELER. HAMP LATTI was here and told me some of the things he's been doing in his new church. You remember, he planned to be a Baptist minister. Our man-about-town, CLAYTON BRATCHER, came with that sweet JANE GARRISON. She always did seem to have a way with him. JIM BLAKEMAN, that celebrated author of the 1969 version of "Cheaper By the Dozen", arrived with his private secretary, the shapely BEVERLY BARTON.

You remember how RAE BEEBE was always going swimming? She wanted to be a great swimmer; well, now she's the first woman frogman in the U.S. Navy. GARY PHILIBERT, Admiral of the U.S. Navy was here with Rae. It seems they are on the same ship.

There were several famous sports stars at the opening. RONALD STEELMAN, who set a new record of 3½ minutes for the mile run, came with another speedster, CHARLES GARRISON, who won the Pan American Road Race in his new 1969 Ferrari. Do you recall CHARLES HASLETT and JOHN GARLAND who used to play basketball all the time? Well, they are still playing---for the San Quentin Stealers! We also had the heavy weight boxing champ give a few lessons in boxing. It was JIMMY BROCKMAN. You probably heard about his winning the title from Floyd Patterson last month. Jimmy got all his muscles at KENNETH FOREHAND'S Body Building Studios. The star pitcher of the New York Yankees, MIKE BRAKER, was on hand for the opening. Imagine Mike a great pitcher!

The famous world traveler, MORRIS CARTER, stopped by. Since he has seen every part of the world and parts of outer space, he has decided to find an island and be just a beachcomber. A good friend of yours, KENNETH CLOWDUS, dropped in. He talked as if he were really enjoying his work. I guess selling suntan lotion in Hawaii would be a pleasant job.

Many of our former classmates are doing very well in their prospective lines of business. JOHNNY HILL has hit the top. He is senior accountant in the slot machine racket. You remember KENNETH LePORIS'S favorite hobby during school days? Well, now he's the World's Pool Champion. JERRY HAMMONDS is the sole owner of a chain of gas stations. For relaxation he retires to his 10,000 acre cattle ranch in Australia. His foreman, CLYDE BREWER, takes care of the purchasing of riding stock. DOUG GREEN is also a rancher. He doesn't raise cattle, though; his is a rabbit ranch. RICHARD CLARK works with animals too. He's herding goats at the new Angora farm that was once the prize air field of Dallas.

Three honored guests spoke at the dedication ceremonies. They were ANN BRILEY, the President of the first YWCA in outer space; GARY DAVIDSON, the master scientist in Washington; and DAVID McCONNELL, who spoke on why he thinks the South will rise again.

The U.S. Marine Band, led by Drum Major TOMMY GWIN, played for the festivities. To add a little color, the former PAT KOVAR gave a twirling demonstration. Pat is now happily married, and she keeps her good figure by teaching twirling lessons. The world famous prima ballerina, LINDA MEISNER, danced one of the most intricate and beautiful ballets ever performed.

PAT PATTERSON and MARILYN WALKER came by. Their husbands bought houses with adjoining backyards and a tennis court between the two. This enables Marilyn and Pat to continue playing tennis together.

Three industrious business men stopped for the opening. They were BILL RENNELS and JACKIE HOLBERT (both still bachelors) and WAYNE SLOAN, who owns a Corvette house. He finally has all the Corvettes he can take care of.

There were several women executives present. Two were WANDA BROWN, a literary critic and JOYCE STONE, who owns a distributing company for concessions in movies. JOYCE COLLET, the circulation manager for Stauffer Home Units, was on hand to oversee the new shop here that carries her product. JIMMY HARRIS, a great barber, came to manage his own barber shop at the airport. And to dedicate our gigantic soda fountain, Miss Strawberry Soda of 1969, MIRA LOU GRAVES and Miss Banana Split of 1969, EMMA JO PRICE, served fountain drinks to all present.

Near the end of the day several people came who were really hard to recognize; MARVANN BRANCH, who I know has lost 50 pounds and grown 4 inches taller, was here with her famous rodeo champion husband. They were on their way to Madison Square Garden. NANCY TOOMER walked in with an extremely short hair cut. She had become an X-Ray Technician. CHARLES TAYLOR can finally drive as fast as he likes. He is now an ambulance driver for the Easy-Lay-Away Funeral Home owned by ROBERT HECK. The last person to come was JERRY DEWS. He is now the owner of a diamond mine and exhibited his wares here. The opening, although expensive, was really successful.

Now I am interested in continuing this success. Therefore, I hope you will feel that you want to extend your chain of Coffee Houses to my airport.

By the way, you'll never believe who came in today, JEAN HOUNSHELL. She came to talk about my income tax forms. It seems that Uncle Sam is very proud of her work.

I hope you can come down in a few weeks to talk about the Coffee House. Coffee Houses are coming back into style, just as they did in 1959.

Sincerely yours,

CHARLES EDWIN ROBERTSON  
President
